(Nominated Person)

.....
(Nominator)

In the application please address the following criteria. Please also enclose a short CV of the person being nominated highlighting their research career. You can expand sections in the form to the length you need but please be as succinct as possible.

Criterion 1: The Nominee has successfully completed a high quality doctoral dissertation/thesis in the timeframe [20th July 2019 – 31 December 2020].

Criterion 2: The nominee has made an original contribution to research in mathematical modelling education in his/her local context and internationally through the study referred to in criterion 1.

Criterion 3: The nominee has actively participated in ICTMA conferences previously.

Criterion 4: The nominee is a current ICTMA member

Criterion 5: The Nominee has agreed that he/she will attend the next ICTMA if their application is successful and present a plenary address based on the thesis research.
